**75-5888 Alii Dr
Kona Reef D3, Kailua Kona, HI, 96740**

Unit D-3 at the Kona Reef is an absolutely oceanfront, recently-renovated, fully furnished, non-smoking, one bedroom condo with a complete kitchen. The lanai (patio) is located only 30 feet from the ocean. There is terrific tide pooling and exploring in the lava rocks. And if it's sand you want, you need to walk only a few hundred feet to the sandy park next to the condo complex (ocean swimming at the park is for experienced swimmers only.)

This recently renovated and fully furnished condo provides a wonderful place to just sit and relax. From your lanai, watch the surfers during the day and the sunsets at night. You'll also see jet boats, parasailing, and huge cruise ships. During the winter months, you may see whales passing by and it's not unusual to see schools of dolphins. Large turtles are permanent residents in the tide pool area and shoreline.

The Kona Reef is a low-rise oceanfront condo complex located close to the center of Kona. While away from the center of activity, it's an easy 2 block walk from the condo, along the waterfront to shopping and restaurants. Fresh produce, flowers, and macadamia nuts are available at the nearby farmers' market. The Kona Airport is about 7 miles away. Kahalu'u Beach Park, one of the best snorkeling areas in Hawaii, is just a few miles from the condo.

A large oceanfront pool, Jacuzzi, and chaise lounge area makes the Kona Reef a relaxing place to stay. Four gas-fired barbecues provide a great place to cook dinner, which you can eat at the tables and chairs in the barbecue area or take back to your private lanai.
